)	<u>TRAINING COMPLETED BY THE</u>
)	<u>DIVISION OF POLICE IN 2021</u>

The City of Cleveland herein reports to the Court on in-service training completed by the Cleveland Division of Police (“CDP”) in calendar-year 2021. The Division wide training covered multiple subjects and was conducted in the course of two training session cycles. Training topics addressed in the first 2021 session cycle included: Conducted Electronic Weapon (“CEW” – commonly referred to as TASER), Active Bystandership for Law Enforcement (“ABLE”), Crisis Intervention Team (“CIT”), and First Aid. The second in-service training session addressed firearm qualification and separate training on Search and Seizure.

As noted in the attached table CDP reported having 1,449 officers on its role as of December 27, 2021. Subtracting for probationary officers and cadets undergoing academy training, there were 1,360 officers as of December 27, 2021 who were to have received and completed in-service training during calendar year 2021. In addition to probationary and cadets in the academy, a small number of CDP officers could not complete training because they were either suspended, on restricted duty, on extended sick leave, or on active military status during the training cycle. Such officers will make up the training when they become eligible. During the completed two in-service cycles, 98.89 percent of eligible officers completed the CEW, ABLE, CIT and First Aid training,

with 99.62 percent of eligible officers having completed the firearms qualification and Search and Seizure training.

Respectfully submitted,
