Pipeline Infrastructure Improvements Update

Wednesday, May 22, 2024

**Dominion Energy Ohio Gas Pipeline Infrastructure Replacement Project –
PIR 3759 – Cooley Avenue & Lloyd Road
(City of Cleveland - Ward 11)**

CLEVELAND – On Wednesday, May 22, 2024, Dominion Energy Ohio’s gas pipeline infrastructure replacement project will begin on the following streets:

- Lloyd Road – West side from Cooley Avenue to Milan Avenue
- Cooley Avenue – South side from North Road to West 117 Street
- Cooley Avenue – North side from 11824 Cooley Avenue to West 117 Street

The improvements include replacing the old steel mainline with a new plastic mainline in the roadway and sidewalk area. A work zone will be established which will allow two-way traffic with traffic control personnel present to help direct traffic flow. Access to adjacent driveways and businesses will be maintained throughout construction. The work on the project will take place Monday through Friday from 7 a.m. to 5 p.m.

This project is scheduled for completion in July 2024. Permanent restorations will be completed by September 2024.

Should there be any questions, please contact Matt Lenke - Hill International at 330-353-7111.

Editor’s Note: Road construction invariably presents hazards to the public. All travelers are urged to use caution in construction zones. Public safety and the safety of workers is a top priority.

About the City of Cleveland

The City of Cleveland is committed to improving the quality of life for its residents by strengthening neighborhoods, delivering superior services, embracing diversity and making Cleveland a desirable, safe city in which to live, work, play, and do business.
