FOR IMMEDIATE RELEASE:

May 24, 2024

**South Moreland, Shaker Square,
North Moreland Improvements
Traffic Advisory**

**Griffing Avenue to Larchmere Boulevard
(City of Cleveland – Wards 4 and 6)**

Expect additional traffic notices as improvements continue

CLEVELAND – Beginning Wednesday, May 29, 2024, the City of Cleveland will begin construction on the northwest quadrant of Shaker Square. The current detour for the southeast quadrant of Shaker Square will be removed and a new detour installed as follows below for approximately a month.

Overall Project Description:

The project includes resurfacing of South Moreland, Shaker Square, and North Moreland from Griffing Avenue to Larchmere Boulevard. Work will include milling of existing asphalt and replacement, base repairs, utility casting adjustments, ADA compliant ramps, replacement of concrete curbs and walks as needed, pavement markings and signage. Safety improvements include realignment of intersections at Livingston, Ashwood, and Hampton Roads. A new mast-arm signal will replace the existing span wire signal at Drexmore. New pavement layout will include bike lanes, new left-turn lanes, and parking lanes as appropriate.

Construction Traffic Detours:

The upcoming construction and traffic detours will be as follows:

- At the northwest quadrant of Shaker Square as water main replacement is being performed, traffic will be detoured east from the intersection of Larchmere Road and North Moreland Boulevard, and then south on Coventry Road, and then west on Shaker Boulevard. The northwest quadrant is scheduled to be opened for traffic in late June 2024.
- Patrons of the Edwins Institute, Subway, Fashion by Fowler, Groundworks Dance Theater, and US Bank are advised to utilize the parking lots off of North Moreland Boulevard.

- The current construction on North Moreland from Griffin Avenue to Larchmere Avenue will be ongoing during this time.
- The next phase of construction will be the northeast quadrant of Shaker Square. A traffic advisory will be issued detailing the traffic detours associated with this phase of construction.

Construction zones will be installed and advanced warning signs will be placed outside of the work area informing the public of the construction work and any changes in the traffic patterns.

The work on this project will generally take place Monday through Friday between the hours of 7 a.m. to 5 p.m. The overall project is scheduled for completion in October 2024.

Questions? Contact the City of Cleveland's Construction Inspector, Cecil Benson at 216-857-7648.

Road construction invariably presents hazards to the public. All travelers are urged to use caution in construction zones. Public safety and the safety of workers is a top priority.

Thank you for your patience and cooperation during this important public improvement project.

About the City of Cleveland

The City of Cleveland is committed to improving the quality of life for its residents by strengthening neighborhoods, delivering superior services, embracing diversity and making Cleveland a desirable, safe city in which to live, work, play, and do business.
