## **Pipeline Infrastructure Improvements Update**

**Monday, Feb. 3, 2020**

**Dominion Energy Ohio Gas Pipeline Infrastructure Replacement  
Project – P 400295963 – Storer Avenue  
(City of Cleveland - Ward 14)**

**CLEVELAND** – On Monday, Feb. 3, 2020, Dominion Energy Ohio’s gas pipeline infrastructure replacement project will begin on the following street:

- Storer Avenue – At West 56<sup>th</sup> Street.

The improvements include replacing the old steel mainline with a new plastic mainline in the sidewalk area as well as a crossover pipe from north to south in the road on Storer Avenue. A work zone will be established which will allow two-way traffic with traffic control personnel present to help direct traffic flow. Access to adjacent driveways will be maintained throughout construction. All work zones will be removed at the end of each work day. The work on the project will take place Monday through Friday from 7 a.m. to 5 p.m.

This project is scheduled for completion in June 2020. Should the weather not allow for permanent restoration to the sidewalk, a temporary 2-inch thick concrete sidewalk will be installed for pedestrian traffic. A concrete cap will be placed on all road crossings until permanent concrete restorations can be completed in the spring.

Questions? Contact Dennis Scheid at Hill International at 216-701-2319.

***Editor’s Note:** Road construction invariably presents hazards to the public. All travelers are urged to use caution in construction zones. Public safety and the safety of workers is a top priority.*
