### **2019 Road Resurfacing Projects:**

Projects span all City neighborhoods and wards.

Highlights about this year's road work:

- Street resurfacing will begin the week of April 15<sup>th</sup> and will continue through the summer, weather permitting.
- This year, with the completion of the Pavement Management Study the City has a graded system that allows streets in the greatest need of resurfacing to be selected. The City is using the worst first approach to road resurfacing.
- City projects it will resurface approximately 110 proposed streets this year.
- City is also investing preventive maintenance on recently resurfaced streets to extend roadways' high condition rating.
